Richard Bennett Obituary and Funeral Notice.

Oct. 18, 1749

Annapolis

On the Eleventh Instant Died, at his Seat on Wye River in Queen Anne's County, RICHARD BENNETT, Esq.; in the Eighty-third year of his Age, generally lamented by all who knew him. As his great Fortune enabled him to do much good, so (happily for many) his Inclination was equal to his Ability, to relieve the indigent and distressed, which he did very liberally, without regarding of what Party, Religion or Country, they were. As he was the greatest Trader in this Province, so great Numbers fell in his Debt, and a more merciful Creditor could not be, having never deprived the Widows or Orphans of his Debtors of a Support; and when what the Debtors left, was not sufficient for that purpose, frequently supply'd the deficiency. His long Experience and great Knowledge in Business, as well as his known Candor and generosity, occasioned many to apply to him for Advice and Assistance, and none were ever disappointed of what was in his Power, and several were by his means, extricated out of great Difficulties. He was always solicitous to prevent Differences among his Neighbors, and to reconcile such as he could not prevent. In short, nothing gave him so much pleasure as doing humane and benevolent Actions; and it may be truly affirm'd, that by his Death, the poor and needy have lost their greatest Friend and Benefactor.

Annapolis.

On Wednesday last was solemnized the Funeral of RICHARD BENNETT, Esq. of Wye River, in a very handsome and decent Manner, by the Direction of his sole Executor, the Hon. Col. EDWARD LLOYD. Mr. Bennett, by his Will, has forgiven above one hundred and fifty of his poor Debtors, and has made Provision for the Maintenance of many of his Overseers, and other Dependents; and settled a Sum of Money to be paid annually to the Poor of a Parish in Virginia; and done many other Acts of Charity and Munificence. He was supposed to be the Richest Man on the Continent; and as he died without Issue, he has, left the Bulk of his Estate to his Executor.

—Fifteen of the chiefs of the St. John's Indians were here hot long since, and ratified the peace made at Annapolis before the French war, and are gone home to the Asenquin valley, and are respectable and able. The Micmacs, or Cape-Sable Indians, have been here cally in great numbers, trading in a friendly manner, with us till four days, Pall, at the head of this river, they inflected a boat with some of our people, by running it up the bast long hill, then landed in the boat, struck the camp, took of the two of the arms, and fired them, then took the canoes, and ran into the woods: but the corporal commanded the boat, being a Red-robe man, he purused them, and fired his arms on them, and returned: Up on this the Indians all drew off, which we were under his orders were ordered to do by their priest, with some other remote tribes, to a place of rendezvous, which we imagine is to consult some means to annoy us, and the letters here, being intercepted by the French emissaries, which have the decision of his majesty's instructions to them, I believe will take all methods to prevent a British government here, they being obliged to erect full allegiances to his Britannic Majesty, forthwith themselves into a regular militia, and give all assistance in arms whenever called, or move off, without liberty, to fall, or ever do to the least damage to the lands of house, whereto they are to give a prompt answer to in case necessities: They have therefore sent out parties to the government of Canada and Louisburg for advice, and it is expected that the French will quit, which will have the fullest consequences for good loyalody.

Capt. Joseph Graham, in a well armed slop, is ordered by the governor to cruise along the shore as far as the bay Ver, till they have a better prospect of the harbors in this district, with power to seize all vessels that shall be found carrying provisions from this province to other colonies, especially to Louisburg, and to make what discoveries he can of the actions of the inhabitants and Indians. It is thought he will cruise as far as Louisburg, there being several halfboats from thence to Cano, cutting of bay, and it is doubted he will soon give a good account of them.

There are five picket forts building on the back of the town of Halifax, which will be garrisoned with Warburton's regiment, Col. Gorham's company, for the security of the French. Governor Ribbion with his regiment, (in five ships) failed for England the 19th.

October 12. We hear from the upper part of the country, that the great freights of late have done great damage to the trade there.

From the lower part of the country, that by a great gale of wind and rain, which happened on Sunday last, many people received considerable damage thereby; some houses being carried away by the high tides, and one whole family drowned.

From Hampshire, that the water rose four feet in the rivers, and that considerable damage is done to the shipping, several being driven on shore, and some out to sea; the wind being violent, that tore up large trees by the roots, and snapp’d others in the middle. "The like storm has not been known in the memory of our oldest men."

Since last week, we have received several accounts of considerable damage done by the late storm, in several parts of the country. The lofs they have sustained at Norfolk, among their shipping, and otherwise, is computed to amount to no less than 10,000 l. Sterling. The Humber from Gloucester, and the Pattlewoman, loaded with Tobacco for Gloucest, are driven ashore near Cape Henry. A large ship is sunk in the bay, and the whole crew, to literally, have perished, several dead bodies being found on the shore. Most of the shipping have suffered considerably by this misfortune, many of them being so far in the woods, that the expense of getting them off will nearly amount to the value.

Testament and that at the time of his so doing he was to the best of their judgement and apprehension of sound and disposing mind and memory, And that they the said James Walters, John Knock, and John Taylor subscribed their names as Witnesses thereto in the said testators presence, And that he the said James Petters could not then write but subscribed or made his mark in the testators presence as a Witness and James Tuite one of the other Witnesses acknowledges that he subscribed his Name as a Witness to the said Will in the Testators presence, But thinks that the testator was not of sound and disposing mind and memory, and for Cause saith that he was at the testators House on the Saturday before he signed his Will and left him very much indisposed in body. That on the next Monday he came and found him more indisposed in body and was desired by the said testator to sign his Will as a Witness at which time he thought him the said testator
not to be in his Sense as he left him on Saturday. Sworn to before me this 20th Day of October 1749.

On the Eleventh Instant Died, at his Seat on Wye River in Queen Anne's County, RICHARD BENNETT, Esq.; in the Eighty-third year of his Age, generally lamented by all who knew him. As his great Fortune enabled him to do much good, so (happily for many) his Inclination was equal to his Ability, to relieve the indigent and distressed, which he did very literally, without regarding of what Party, Religion or Country, they were. As he was the greatest Trader in this Province, so great Numbers fell in his Debt, and a more merciful Creditor could not be, having never deprived the Widows or Orphans of his Debtors of a Support; and when what the Debtors left, was not sufficient for that purpose, frequently supply'd the deficiency. His long Experience and great Knowledge in Business, as well as his known Candor and generosity, occasioned many to apply to him for Advice and Assistance, and none were ever disappointed of what was in his Power, and several were by his means, extricated out of great Difficulties. He was always solicitous to prevent Differences among his Neighbors, and to reconcile such as he could not prevent. In short, nothing gave him so much pleasure as doing humane and benevolent Actions; and it may be truly affirm'd, that by his Death, the poor and needy have lost their greatest Friend and Benefactor.

On Wednesday last was solemnized the Funeral of RICHARD BENNETT, Esq. of Wye River, in a very handsome and decent Manner, by the Direction of his Sole Executor, the Hon. Col. EDWARD LLOYD. Mr. Bennett, by his Will, has forgiven above one hundred and fifty of his poor Debtors, and has made Provision for the Maintainance of many of his Overseers, and other Dependents; and settled a Sum of Money to be paid annually to the Poor of a Parish in Virginia; and done many other Acts of Charity and Munificence. He was supposed to be the Richest Man on the Continent; and as he died without Issue, he has, left the Bulk of his Estate to his Executor.

On the Eleventh Instant Died, at his Seat on Wye River in Queen Anne's County, RICHARD BENNETT, Esq.; in the Eighty-third year of his Age, generally lamented by all who knew him. As his great Fortune enabled him to do much good, so (happily for many) his Inclination was equal to his Ability, to relieve the indigent and distressed, which he did very literally, without regarding of what Party, Religion or Country, they were. As he was the greatest Trader in this Province, so great Numbers fell in his Debt, and a more merciful Creditor could not be, having never deprived the Widows or Orphans of his Debtors of a Support; and when what the Debtors left, was not sufficient for that purpose, frequently supply'd the deficiency. His long Experience and great Knowledge in Business, as well as his known Candor and generosity, occasioned many to apply to him for Advice and Assistance, and none were ever disappointed of what was in his Power, and several were by his means, extricated out of great Difficulties. He was always solicitous to prevent Differences among his Neighbors, and to reconcile such as he could not prevent. In short, nothing gave him so much pleasure as doing humane and benevolent Actions; and it may be truly affirm'd, that by his Death, the poor and needy have lost their greatest Friend and Benefactor.

Richard Bennett Obituary and Funeral Notice.

Maryland Gazette:

Oct. 18, 1749

Annapolis

On the Eleventh Instant Died, at his Seat on Wye River in Queen Anne's County, RICHARD BENNETT, Esq.; in the Eighty-third year of his Age, generally lamented by all who knew him. As his great Fortune enabled him to do much good, so (happily for many) his Inclination was equal to his Ability, to relieve the indigent and distressed, which he did very liberally, without regarding of what Party, Religion or Country, they were. As he was the greatest Trader in this Province, so great Numbers fell in his Debt, and a more merciful Creditor could not be, having never deprived the Widows or Orphans of his Debtors of a Support; and when what the Debtors left, was not sufficient for that purpose, frequently supply'd the deficiency. His long Experience and great Knowledge in Business, as well as his known Candor and generosity, occasion'd many to apply to him for Advice and Assistance, and none were ever disappointed of what was in his Power, and several were by his means, extricated out of great Difficulties. He was always solicitous to prevent Differences among his Neighbors, and to reconcile such as he could not prevent. In short, nothing gave him so much pleasure as doing humane and benevolent Actions; and it may be truly affirm'd, that by his Death, the poor and needy have lost their greatest Friend and Benefactor.

Nov. 8, 1749

Annapolis.

On Wednesday last was solemnized the Funeral of RICHARD BENNETT, Esq. of Wye River, in a very handsome and decent Manner, by the Direction of his Sole Executor, the Hon. Col. EDWARD LLOYD. Mr. Bennett, by his Will, has forgiven above one hundred and fifty of his poor Debtors, and has made Provision for the Maintenance of many of his Overseers, and other Dependents; and settled a Sum of Money to be paid annually to the Poor of a Parish in Virginia; and done many other Acts of Charity and Munificence. He was supposed to be the Richest Man on the Continent; and as he died without Issue, he has, left the Bulk of his Estate to his Executor.

James Walters, John Knock, John Taylor, and James Wetters, four of the subscribing Witnesses to the foregoing Will being duly Sworn on the Holy Evangelis of Almighty God, Severally depose and Say that they saw and each of them did see the testator Richard Bennett Esquire Sign and Seal and heard him publish and Declare the same to be his last Will and (Rev in 477) Testament and that at the time of his so doing he was to the best of their Judgement and Apprehension of sound and Disposing Mind and Memory, And that they the said James Walters, John Knock, and John Taylor subscribed their Names as Witnesses thereto in the said testators presence, And that he the said James Wetters Could not then Write but subscribed or made his Mark in the testators presence as a Witness and James Tuite One of the other Witnesses acknowledges that he subscribed his Name as a Witness to the said Will in the Testators presence, But thinks that the testator was not of Sound and Disposing Mind and Memory, and for Cause Saith that he was at the testators House on the Saturday before he signed his Will and left him very much Indisposed in Body. That on the next Monday he Came and found him more Indisposed in Body and was desired by the said testator to sign his Will as a Witness at which time he thought him the said testator

Could Draughty (?): Draughts = drawings or plans (like “blueprints” = plans)

Draughts could also be quoits = circles of rope
used for a game like “horseshoes”
Peter Sayer Inventory ...... 1697/8

1) The furniture - of great interest:
   the olive wood desk
   the beds - and bed furniture !!
   the linens
   the turkey-work chairs; leather chairs
   to name just a few things

2) The Chappel Room ...... of course!

3) The tools; especially the carpenters tools ...

4) That must have been a pretty fine team of horses:
   New York Bay & New York Grey !!

5) Note: The Next Plantation - ? where ??
   The Wading Place
   The Towne Plantation ...... Town Road ??
   Poplar Island

6) Comparisons:
   5 bushels (1 barrel) Indian Corn = 6 shillings
   30 bushels of corn = 1 Steer (4 yr. old) = 26 shillings

   Now (1972):
   300 bushels of corn = 1 Steer (1 yr. old)
   2 acres of land makes 1 Steer /or/ 300 bushels of corn

   Then (1697):
   2 acres of land made 1 Steer /or/ 30 bushels of corn

So:
   Corn is cheaper now (by a factor of 10); due to chemical
   fertilizers, modern methods, etc., but the ratio is
   still there: land to corn to meat ......

Well ........

I am sure there id more ... but it is late ....

"... Robert Bowler arrived here through abundant hardships & difficulties for beyond 40 I may relate, but ... he was aboard of Jos. Enloe coming from Jamaica ... they were cast away at ye gulf of Florida and fell among barbarous and savage Indians, but they were miraculously preserved by the special hand & providence of God. There was with him one Dickinson and wife & family coming from thence here to live who lost as I am informed 1500 £ by their shipwreck. I suppose they will have it more at large by some other hand."
